

SO MUCH STRESS

Moving schools should be a positive experience but in Kent it's a whole load of stress

- Practice papers, tutors, test day nerves
- A judgement that feels so defining at the age of just 10 or 11
- Friendships and siblings divided when they're sent to different schools

IF YOU WANT TO END THIS DIVISIVE SYSTEM, YOU CAN.

Time's Up for the Test is a new campaign to phase out the 11+. We believe that when enough people demand change, politicians will listen and act.

IT DOESN'T HAVE TO BE LIKE THIS
